### Relationship and Sex Education (RSE) - Key Stage 1

Dear Parent/Carer,

For many years now at Aqueduct, we have believed in the importance of equipping children with age-appropriate knowledge about relationships and health education to prepare them for future life. From Summer 2021, all primary schools in England were required to teach Relationship Education and Health Education, as it is now becoming a statutory subject. Our current Relationship and Sex Education curriculum allows children to learn about families and people who care for them, caring friendships, respectful relationships, online relationships, changing bodies and being safe. The aim of the lessons is to help children make responsible decisions about the relationships they form with others and help them to understand the changes and challenges which maturity brings. With your support, we are committed to a home school partnership, which supports and is consistent with our duties under the Equalities Act and Safeguarding. We feel it is important for teachers to convey this information factually and sensitively in a supportive environment, rather than risk your child learning about it incorrectly through their peers during unstructured time.

Hopefully, you can see that we are doing our utmost to ensure parents are happy with the RSE curriculum. **If you would like further information on this, you are welcome to attend the Parent Working Party meeting on Wednesday 30<sup>th</sup> April at 17:00 where we will be available to discuss this programme in further detail.**

Lessons are planned to begin in school in the second half of the summer term.

<u>Year group and objectives from scheme of work</u>	<u>Vocabulary</u>
Year 1	Year 1
<u>Lesson 1, 2 and 3 -</u> Identify and recognise their skills and abilities Understand the difference between boys' and girls' bodies, naming the external body parts Recognise and respect differences Compare and contrast themselves with others	Changes, differences
